Classroom management

Competency

Classroom management

Competency description

I can use digital tools in various teaching arrangements (online lessons, face-to-face lessons, hybrid learning arrangements).

Level

Advanced competency

Taxonomy level

2. Apply

Column/number in the document

A/112

Explanatory notes

This competency refers to the ability to use digital tools in various teaching arrangements in the educational sector. This includes online lessons, face-to-face lessons and hybrid learning arrangements.

Rationale

Teachers must be able to use digital tools to meet the different teaching and learning environments and their requirements.

Example

An educator can design hybrid learning arrangements where learners can participate both at school and from home.
