Contextual teaching

Competency

Contextual teaching

Competency description

I can select and use digital materials according to the learners' lives.

Level

Advanced competency

Taxonomy level

2. Apply

Column/number in the document

A/77

Explanatory notes

This competence refers to the ability to select and use digital materials in such a way that they relate to the learners' world.

Rationale

A reference to the real world in digital learning materials helps students understand content better and relate it to their own experiences.
