Checking of current learning level

Competency

Checking of current learning level

Competency description

I can use digital assessment formats in my lessons to check students' learning progress.

Level

Advanced competency

Taxonomy level

2. Apply

Column/number in the document

A/121

Explanatory notes

This competency refers to the ability to use digital assessment formats in the classroom to check learners' progress and understanding.

Rationale

The use of digital assessment formats enables educators to measure students' learning levels efficiently and objectively.

Example

An educator could regularly use online tests, quizzes, or interactive exercises in their classroom. These digital assessment formats could help monitor students' progress to determine which areas require additional support.
