Inclusion/Heterogeneity

Competence

Inclusion/Heterogeneity

Competency description

I can deliver inclusive lessons using accessible media and provide aids for learners with and without disabilities.

Level

Advanced competency

Taxonomy level

2. Apply

==== Column/number in the document A/133

Explanatory notes

This competence refers to the ability to design inclusive lessons.

Rationale

The use of accessible media and the provision of aids are necessary to ensure that students with different abilities and needs can successfully participate in lessons.

Example

A teacher also provides a text document as an audio file to ensure that students with visual impairments also receive the content.
