Teaching and learning

Competency

Teaching and learning

Competency description

Prospective teachers can plan and implement digitally supported teaching in a didactically and learning-theoretically sound manner (methodologically).

Limitations

Level

Taxonomy level

Column/number in the document

Explanatory notes

Rationale

Concerns the process of „teaching and learning"; this is to be distinguished from the „prerequisites" that are necessary for successful „teaching and learning" and are described in area 5 (learner guidance).
